Ist APEX Oracle's neuer Weg
für Businessanwendungen
nach Forms/Reports?

Integration of Forms and APEX

- 1. Forms to APEX deep linking including parameter passing for reporting or extended functionality.**
- 2. APEX Forms Cross Tool Integration**
- 3. Pure APEX with shared code/authentication/authorization (SoftBASE masterApp)**

1 Forms to APEX deep linking

1. Forms to APEX deep linking including parameter passing for reporting or extended functionality. (Option 4 Value upgrade – productivity improvements).
